Quality Policy

Teva Pharma EAD is focused on the sale and promotion of high-quality specialty branded, biosimilar and generic medicinal products, medical devices (integral and non-integral), food supplements and cosmetics. Teva Pharma EAD maintains a quality-focused culture to ensure the highest priority is placed on the safety, efficacy and reliability of our products, the safety and satisfaction of our patients and customers. T

Teva Pharma EAD is committed to business practices that promote social and environmentally responsible economic growth (EHSS). Teva Pharma EAD believes that everyone has the right to a safe and healthy working environment. Teva Pharma EAD believes that compliance with all applicable laws, regulations and other requirements designed to protect environment, health and safety is fundamental to our corporate well-being. Teva Pharma EAD engages to develop, establish and effectively deploy at all levels this Quality Policy.

Teva Pharma EAD engages to respect all regulatory requirements and regulations related to its activities (GxP and ISO 9001).

Teva Pharma EAD Quality Policy is implemented through the comprehensive Quality Management System.

Head of Commercial Quality supported by General Manager designs and establishes the Quality Management System based on the organization needs.

To reach Teva Pharma EAD quality objectives the Senior Management engages to:

- Communicate the importance to the customer expectation and statutory and regulatory requirements
- Ensure that quality objectives are established and met
- Ensure the resources availability
- Review on regular basis the functionality of Quality Management System, provide evidence of its commitment to the development and implementation of this system and continually improving its effectiveness.

Each Teva Pharma EAD employee is directly involved as a player into Quality Management System maintenance.
